SYMPHONY	60# T	90	40.9"	Roll	5.5	7146040

All LABEL papers have wet strength and anti-mold treatments and meet all requirements for high-speed bottling lines.

Special sheet and roll widths are available as special manufacture orders. All LABEL papers can be made with FSC pulp and with the Master Process™ as special manufacture orders. This process allows for prolonged submersion in ice buckets which maintains color integrity, opacity, and guarantees perfect hold of the label without the addition of a protective film, enhancing the appearance of the printing.
